

OUR VENUE

Hotel Astor is located in a central position at walking distance from the railway station, the Anita Garibaldi waterfront promenade, the parks, the shops and the beach; an ideal starting point for all the best destinations in the surroundings, Genoa (6 miles.), Camogli (8 miles), Portofino (15 miles) and Cinque Terre (53 miles). From the terrace you can enjoy the stunning view of the hills behind Nervi and the Ligurian coast. The parking of the railway station is 100 yds from the hotel.

GENOVA NERVI

Nervi is a lovely resort of the Genoese Eastern Coast, well known for its natural beauties and its mild climate. Set between the mountains and the sea, it combines steep rugged landscapes and sweeping views of the Mediterranean. Integrated in Genoa and close to the other resorts of the Eastern Riviera, Nervi enjoys a privileged position, offering all the services of a residential area and the easy lifestyle of the Italian Riviera villages.

Far from traffic, the Promenade runs along the cliff for about 1 mile, from the ancient harbor up to Capolungo. It enjoys an exceptionally mild climate, with the panoramic views of Portofino and Camogli on a side, and the Western coastline up to Mortola Cape on the other side.

Midway along the road to the harbor, the castle and the Saracen tower on a rock enrich this unique Promenade reminding the visitors of the need of defense and communication systems in coastal areas.

The ancient harbor (Porticciolo) is the historical heart of Nervi: the colorful houses, the small beach and the boats lie between two rocks, with the castle on a side and the Emiliani school on the other.

ORGANIZE

23RD INTERNATIONAL SEMINAR OF HOMEOPATHIC MEDICINE

THE LANGUAGE OF THE SOURCE
 IL LINGUAGGIO DELLA FONTE
 DIVYA CHHABRA
 ROBERTO PETRUCCI

GENOVA NERVI
 May 11-13, 2018
 ASTOR HOTEL
 Viale Delle Palme, 16

Divya Chhabra and **Roberto Petrucci** will show their work method that if different has many things in common, especially the ability to grasp “the language of the source”, of the remedy. Divya works mainly on the patient’s unconscious paying attention to mistakes, denials, correction, unspoken words and absurdities. Her focus on every single patient’s words is extraordinary and she can exploit the tiniest nuances to unveil hidden information. She maintains that prescription spectrum ranges from *Calcarea carbonica* to *Buckminsterfullerene*, from the most classical and widely known remedy to the latest discovery amongst carbon compounds. Roberto also thinks mankind cannot be represented by few dozens remedies and that it is worth extending prescription options working also on different similitude levels. This does not mean giving up two hundred years of homeopathy because they are both extremely respectful of our great masters of the past. Divya and Roberto will show videos of cases to illustrate their astonishing skills in case taking and analysis.

This workshop will give you the opportunity to improve your practice, developing your case-taking and diagnostic techniques.

Friday 11 May 2018

11.00 – 13.30: Roberto • The language of the source

15.00 – 19.00: Divya • Learn the language of the source and leap to the Simillimum

Saturday 12 May 2018

09.00 – 13.00: Divya • Mapping the subconscious to get to the Simillimum

15.00 – 16.30: Roberto • I’m competitive but I don’t like competition (video case - amenorrhea)

17.00 – 19.00: Roberto • In the tunnel (video case – bipolar syndrome)

Sunday 13 May 2018

09.00 – 13.30: Divya • Perfect your Leap

DIVYA CHHABRA

Divya was born in Pune, India, and graduated from Smt. Chandaben Mohanbhai Patel Homoeopathic Medical College, Mumbai where she has been practicing classical homoeopathy since 1992.

Dr Divya Chhabra, with 25 years of homoeopathic practice, has treaded the ladder to the Simillimum, exploring every rung with care and depth. She walked through the rungs of rubrics, remedy pictures, provings, and delusions before reaching the present vantage point of the ‘Leap to the Simillimum’.

On this journey she conducted provings of *Lac Felinum*, *Mag Sulph*, *Thea*, *Cit-l*, *Lac-def*, *Lac Humanum*, *Tungsten*, *Bat*, *Lac Rhesus*, *Eagle*. She also clarified the grey area of potency through 2 potency provings, *Nat-mur* and *Calc-carb*.

While the theme of the ‘Unconscious’ has been a constant factor and reaching the state there, through the tool of Free Association an important milestone in the journey, it is only now that it has been fully experienced. For Divya the only way to cure a person both physically and psychically is finding the Simillimum for the state the person is in at a subconscious level. She has been teaching homeopathy in India, Australia, Austria, Belgium, Canada, Germany, Greece, UK, Ireland, New Zealand, The Netherlands, Slovakia, The US and Switzerland.

He is in the FIAMO – SIMO qualified teacher homeopath registry.

Cemon International Seminars started twenty years ago. In 1997, during George Vithoukas seminar at Chianciano Dr. **Bruno Galeazzi**, who had just published his translation in Italian of a book by Roger Morrison, “Desktop guide to keynotes and confirmatory symptoms”, asked us whether we would be willing to organize a seminar of Roger and his wife, Nancy Herrick, two world-wide famous homeopaths. That was the first of our 22 seminars so far. Year after year we have invited some of the best homeopaths in the world, from all the main schools, to contribute to the development of the Italian Homeopathic Community. We have brought to Italy “old school” teachers and original thinkers. This is year’s is the turn of two famous and esteemed homeopaths, **Divya Chhabra** who comes from the endlessly rich Indian School and **Roberto Petrucci**, from Italy, outstanding clinician and experienced international teacher. Two cultures, two ways of practicing homeopathy that unexpectedly meet and produce a thorough and deeper system. Don’t miss our interesting and intriguing 23rd international seminar.

REGISTRATION
